

Health and Safety Policy

The mutual responsibility of the Owner and the Management of Aqua Paradise Resort is to guarantee the optimized Health and Safety management for our guests and staff members.

Through our Health and Safety policy we aim to achieve:

1. Absolute compliance with all relevant local Health and Safety laws and regulations, as well as those required by the Federation of Tour Operators.
2. Ensure to provide healthy and safe environment for both guests and staff members.
3. We encourage our staff members to regularly conduct risk assesment and we are in a constant quest to improve the Health and Safety conditions.

To achieve our goals related to the Health and Safety management we will:

1. We provide regular staff training to make it possible for staff members to detect any irregularities, which are not in accordance with the established Health and Safety regulations, and to ensure that they are well-educated for the tasks they were assigned to accomplish.
2. Ensure safe handling of hazardous substances and their usage.
3. Maintain safe and healthy environment and avoid accidents and cases of work-related poor health.
4. Present the employees with labour-related instructions and supervision, to make sure that they follow the established rules.
5. Asses and update the Health and Safety policy regularly.
6. We determine areas in need of improvement and encourage our guests to report any encountered issues.
7. Ensure that all the indoor and outdoor hotel premises are designed,constructed and maintained in the safest way, in agreement with all the Health and Safety standards for the sake of our guests and employees.
8. Provide and guarantee the usage of safe equipment for our staff members.

With the implemented Health and Safety Management we would like to assure that all of our guests and staff members are situated in a healthy and safe environment.
